PERSONAL CREDENTIALS

JOHN BUTLER

I am John Hugh Butler, aged 54. I work for the School of Informatics (formerly Computer Science) at Edinburgh University as a lecturer and academic project manager. My qualifications and accreditations are:

B.Sc. (Edinburgh) First Class Honours, Chemical Physics
M.B.A. (Edinburgh)
F.B.C.S. Fellow of the British Computer Society
C.Eng. Chartered Engineer
C.ITP Chartered Information Technology Professional
F.H.E.A Fellow of the Higher Education Academy

I have over 30 years working experience in I.T., most spent in the design, implementation and management of computer systems. For 10 years I managed the computing service for the Computer Science department at Edinburgh University. I have maintained a web site since 1994 and my M.B.A. thesis involved writing a suite of programs on a PC to perform a detailed analysis of Web browsing patterns. I teach Computer literacy and practicalities of System Design and I have supervised undergraduate and Masters degree projects on PCs since 1995. I was a project consultant for the NATO Science Programme from 1998 to 2004. I have assisted on over 200 cases (mostly criminal) relating to PCs and 80 relating to phones. Most of my work has been as a defence

expert witness but I am familiar with industry-standard forensic tools and undertake computer and mobile phone forensic work as required. I am familiar with the ACPO guidelines on handling of computer evidence.

HELENA BUTLER

I am Helena Mary Butler. I work for the School of the Built Environment, Heriot-Watt University, as a lecturer in I.T. and geographical information systems. My qualifications and accreditations are:

B.Sc.(Edinburgh) Upper Second Class Honours, Geology
DPA Diploma in Public Administration
M.Sc.(Edinburgh) Computer Systems Engineering
M.B.C.S. Member of the British Computer Society
C.Eng. Chartered Engineer
C.ITP Chartered Information Technology Practitioner
F.H.E.A Fellow of the Higher Education Academy

I have over 20 years working experience in I.T., much of it spent in the management of computer systems, user training and support. I teach information technology and geographical information systems to students up to post-graduate masters level. I am equipped with industry-standard forensic tools and undertake computer and mobile phone forensic work as required.
